

Settled

AFTERCARE, HANDLED.

Administrative support
for funeral homes

Settled helps funeral homes offer administrative support for the practical tasks families face after a death, starting with concierge delivery and growing into white-label software.

FAMILY HANDOFF

Clear next steps

A simple way to explain what Settled handles and how the process begins.

COMPLEXITY

15+ institution types

Tracked across accounts, services, benefits, and claims.

LAUNCH MODEL

0 build effort

Settled runs the operating layer so the home can introduce support immediately.

Tiered services

Roll out aftercare in stages.

PILOT CONCIERGE

Launch with live families

Custom scope

Founder-led rollout for homes validating demand, case flow, and how aftercare should be introduced at need.

- Concierge case handling behind your brand
- Institution map built from

WHITE-LABEL LICENSE

Turn the workflow into software

Setup + monthly

A premium, family-facing experience under the funeral home's name once the operating layer is proven.

- Branded dashboard, documents, and task visibility
- No internal product team or

ENTERPRISE GROUPS

Coordinate multi-location

Custom rollout

For groups evaluating broader adoption across locations with shared operating standards and local nuance.

- Sequenced deployment planning

What families get

Institution notifications, account closures, claim paperwork, recurring-service cancellations, and digital-account follow-through
Settled provides administrative support and coordination for after-death tasks. It is not a law firm and does not provide legal advice.
Administrative support, not legal advice:
Organized in one team workflow.
